forred against him, and after a careful examina-

sit on of chairmen of the judiciery comhistory should be clearly understood and pre- of the house and was an notice worker is matters of legislation. Harves also one of the ministers from this country who, neighbor dupor at appropriation of \$25000 for the Orphan's home of this sity, which was finily secure and has pointed a blessing to many a little wait. Mr. Tanner is a man of good habits, as able lawyer, it i koom alls bud advoores and highly bonorable young nan. Every good off-izan ought to see to it hat he is elected by

roasing majority on Monday nex. A new view of General Gordon is given b Colonel Challin Long, the African explorer, in the Souden. And it is a rather startling one, too. Gordon, he says, is not only an inthat), but a man of great personal magnetism and intensely English. He is essentially ma in conoclast without respect for any old line ituin concelest without respect for any old line itu-tion except Brilli, done, and he has a geome-for disorganization. He is, therefore, just-the man to curry due brightness of process in Egypt, which I loued from concelles, with an ingequity of which he, apparently very proud, to be the cuts like means of a grave African am-ciple in this site. pi e, to take the pla e of India which Bussia is destined to appropriate. This stopendous scheme of to eign conquest, whose williance

he ship of state. It has been and prived by their dues for years, and have to democrats, has been and is such as to destroy the old like of state soveral days knock in values the doors of succeeding conknock in vals at the doors of succeeding congresses until their bills are hoary, with years,
and here dies and the claims are final y abanthe reader to the style of residing that will come and hope dies and the claims are final y abanin speeches by and disposes of the 
shipping interests into the graphs will. It is to graphe will be to man thinks that the only way to prethe other figures as they cross up. Mr. Ingervoll will not is there, to shake its 
shipping interests at they cross up. Mr. Ingervoll will not is there, to shake its 
shipping interests at they cross up. Mr. Ingervoll will not is the first of the strong combination, said if such a one has been made and can be being found in such political having done anything expert to kill the Merriman company. The bogus ticket business, of which made and can be being together, the delegates can be be described to make anything expert to kill the Merriman in the bogus ticket business, of which can start for found on the result; of the second day. There will be strong schemes, it days and last night some new ones were made. Voters can not be too careful in the change of newly a rungs schemes, it days and last night some new ones were made. Voters can not be too careful in the matter of fickets. The overlooking of a single, thinks the world in several too made and voter had much better scratch his own ticket if he has a good reason for doing so, than go blindly to the polls with some "doctared" ticket that may be handed him. There can be ing into the hards of the tricksters.

> Among the inspiring details of mational pollries we are told that Postmatter Palmer of Chicago appointed a man named Mike Bern-lardt sweeper, or something of the sort, and Congressman Davis of that city don't like it and tried to got the president to from on Palmer, and threatens to carry the fig it with Arthur into the republican convention, to
